surgery. Here I am. The year is 2151, Earth is gone. A hellscape. I've been unfrozen after 72 years of cryosleep on a medical facility on Saturn's moon, Titan. I have nothing, no home, no friends, no concept of this new world, these Titans. All that remains is the old conflict that has blackened my veins and memories of the ones I loved still fresh in my heart. Forgotten for decades. But it seems war hasn't forgotten me, no, even in my slumber. My name is Captain Victoria Ann Belic, I was a wife and an ace fighter pilot, and have been revived for one reason- to die again.

Ace pilot Victoria Belic continues her adventure with the pulse-pounding sequel to *The Legion and the Lioness*! As Titan command positions themselves to stop the android space fleet hurling toward their moon, Victoria finds her wings clipped as she's thrust into a ground war against a cybernetic horde known as, the Mave. With humanity's fate in jeopardy, an alliance is formed between humans from both Titan and Earth to fight the machines. But there is a wildcard, the Engineer. A legendary swordsman of the Legion knights that wields a blade of fire. Victoria is forced to tread carefully as not only do her enemies pose a threat, but potentially, her allies as well.

The action-packed conclusion to the bestselling "World Apart" series has arrived! Victoria and the Engineer face their greatest challenge yet after Xena receives a terrifying message from Titan command. The Legion's greatest fear has been confirmed.
