Directed by Terry Jones. With Graham Chapman, John Cleese, Michael Palin, Terry Gilliam. Born on the original Christmas in the stable next door to Jesus Christ, Brian of Nazareth spends his life being mistaken for a messiah.

Monty Python's Life of Brian (1979) - IMDb

Monty Python (also collectively known as the Pythons) were a British surreal comedy troupe who created the sketch comedy television show Monty Python's Flying Circus, which first aired on the BBC in 1969. Forty-five episodes were made over four series. The Python phenomenon developed from the television series into something larger in scope and impact, including touring stage shows, films ...

Monty Python - Wikipedia

Monty Python's Life Of Brian's 10 Funniest Scenes. Though Monty Python's Life of Brian was controversial in its release, the religious satire comedy film is considered a cult classic by many fans. After tackling the Arthurian legend with their first film, Monty Python and the Holy Grail, the Pythons told their uniquely absurdist version of an even more well-known story with their next film, Life of Brian, which satirized the tale of Jesus Christ.

Throughout the years, the Monty Python troupe has treated fans to four theatrically released feature films: And Now for Something Complete Different, an ironically titled compendium of reshot sketches from Monty Python ' s Flying Circus intended to introduce the Pythons to a U.S. audience; Monty Python and the Holy Grail, a pitch-perfect lampoon of Arthurian legend; Monty Python ' s Life of Brian, a super-controversial satire of organized religion; and Monty Python ' s The Meaning of Life, a ...

The classic piece of cinematic blasphemy from 1979.

As a follow-up to their first true feature film, Monty Python and the Holy Grail, the comic troupe next decided to tackle a " shadow " version of the Christ story. Shot in the Middle East and produced during Margaret Thatcher ' s ascendant years, the film satirized—among other matters—authoritarianism and religious zealotry. Upon its release, Monty Python ' s Life of Brian was both a critical and commercial success, and has been since hailed as one of the greatest comedies of all time. But the film also faced backlash from religious groups for its blasphemy, perceived or otherwise. In A Book about the Film Monty Python's Life of Brian: All of the References from Assyrians to Zeffirelli, Darl Larsen identifies and examines the plethora of cultural, historical, and topical allusions in the film. In this resource, Larsen delineates virtually every allusion and reference that appears in the film—from first-century Jerusalem through 1970s Great Britain. Organized chronologically by scene, the entries in this cultural history cover literary and metaphoric allusions, symbolisms, names, peoples, and places, as well as the many social, cultural, and historical elements that populate this film. By closely examining each scene, this book explores the Pythons ' comparisons of the Roman and British Empires and of Pilate and Margaret Thatcher. In addition, Larsen helps to situate Life of Brian in the " Jesus " re-examination of the postwar period, while also taking a close look at the terror groups of first-century Judea and the modern world. A Book about the Film Monty Python's Life of Brian will appeal to scholars of history, film, British culture, and pop culture, as well as to the many fans of this iconic group.

The award-winning 1983 masterpiece lampooning the Seven Ages of Man.

Monty Python's Life of Brian film is known for its brilliant satirical humour. Less well known is that the film contains references to what was, at the time of its release, cutting edge biblical scholarship and Life of Jesus research. This research, founded on the acceptance of the Historical Jesus as a Jew who needs to be understood within the context of his time, is implicitly referenced through the setting of the Brian character within a tumultuous social and political background. This collection is a compilation of essays from foremost scholars of the historical Jesus and the first century Judaea, and includes contributions from George Brooke, Richard Burridge, Paula Fredriksen, Steve Mason, Adele Reinhartz, Bart Ehrman, Amy-Jill Levine, James Crossley, Philip Davies, Joan Taylor, Bill Telford, Helen Bond, Guy Stiebel, David Tollerton, David Shepherd and Katie Turner. The collection opens up the Life of Brian to renewed investigation and, in so doing, uses the film to reflect on the historical Jesus and his times, revitalising the discussion of history and Life of Jesus research. The volume also features a Preface from Terry Jones, who not only directed the film, but also played Brian's mum.

Presents the complete scripts of the Monty Python television series, first shown on BBC televison from 1969 to 1974

NEW YORK TIMES BESTSELLER • From the ingenious comic performer, founding member of Monty Python, and creator of Spamalot, comes an absurdly funny memoir of unparalleled wit and heartfelt candor We know him best for his unforgettable roles on Monty Python—from the Flying Circus to The Meaning of Life. Now, Eric Idle reflects on the meaning of his own life in this entertaining memoir that takes us on a remarkable journey from his childhood in an austere boarding school through his successful career in comedy, television, theater, and film. Coming of age as a writer and comedian during the Sixties and Seventies, Eric stumbled into the crossroads of the cultural revolution and found himself rubbing shoulders with the likes of George Harrison, David Bowie, and Robin Williams, all of whom became dear lifelong friends. With anecdotes sprinkled throughout involving other close friends and luminaries such as Mike Nichols, Mick Jagger, Steve Martin, Paul Simon, Lorne Michaels, and many more, as well as John Cleese and the Pythons themselves, Eric captures a time of tremendous creative output with equal parts hilarity and heart. In Always Look on the Bright Side of Life, named for the song he wrote for Life of Brian and which has since become the number one song played at funerals in the UK, he shares the highlights of his life and career with the kind of offbeat humor that has delighted audiences for five decades. The year 2019 marks the fiftieth anniversary of The Pythons, and Eric is marking the occasion with this hilarious memoir chock full of behind-the-scenes stories from a high-flying life featuring everyone from Princess Leia to Queen Elizabeth.

An insider's tribute to the iconic comedy troupe by an author who kept a detailed journal while spending several weeks on the set of Life of Brian offers insight into Monty Python's collaborative efforts and creative processes. 30,000 first printing.

For the first time all surviving Pythons have agreed to create the definitive story of Monty Python's Flying Circus and the 'genius' who created it. Over thirty years ago, a group of five Englishmen - and one wayward American - rewrote the rules of comedy. Monty Python's Flying Circus, an unheralded, previously unseen half-hour show of sketches, hilarities, inanities and animations, first appeared on the BBC late one night in 1969. Its impact has been felt on the world ever since. From its humble beginnings, it blossomed into the most influential movement in modern comedy. THE PYTHONS' AUTOBIOGRAPHY OF THE PYTHONS is a unique look at arguably the most important comic team of the modern age, lavishly illustrated with 1000 photographs, many culled from the team's own personal collections, many more seen for the first time. This is the definitive word on all things Pythonesque.

George Perry takes a fresh look at the past achievements of the Monty Python team, tracing their progress from student days, through the heady times of the Flying Circus, right up to the most recent events in their lives. Despite the completion of the fourth and final series in 1974, the Python's have remained at the forefront of the entertainment business, spanning many different media. Their careers may change direction but all are informed by the same irreverence and humour which marked their early work.
