The Mysterious Flame of Queen Loana is a novel by Italian writer Umberto Eco. It was first published in Italian in 2004, and an English language translation by Geoffrey Brock was published in spring 2005. The title is taken from the title of an Italian edition album of an episode of the American comic strip Tim Tyler's Luck.

boxes of old records and experiences memories in the form of a graphic novel. By the author of Baudolino. Reprint. 75,000 first printing.

Having suffered a complete loss of memory regarding every aspect of his identity, Yambo withdraws to a family home outside of Milan, where he sorts through boxes of old records and experiences memories in the form of a graphic novel.

In this fascinating, abundant new novel from the incomparable Eco, Yambo, a rare-book dealer, has suffered a bizarre form of memory loss. He can remember every book he ever read but nothing about his own life. In an effort to retrieve his past, he withdraws into his old family home and searches through boxes of old newspapers,

comics, records, photo albums and diaries kept in the attic. And so Yambo relives his youth: Mussolini, Catholic education, Josephine Baker, Flash Gordon, Fred Astaire. His memories run wild, and life racing before his eyes takes the form of a graphic novel. Yambo struggles through the flames to capture one simple, innocent image, that of his first love.

An introduction to Eco's contributions to a wide range of academic disciplines, as well as to his literary works.

A 17th century Italian nobleman is marooned on an empty ship in this "astonishing intellectual journey" by the author of Foucault's Pendulum (San Francisco Chronicle). In the year 1643, a violent storm in the South Pacific leaves Roberto della Griva

shipwrecked—on a ship. Swept from the Amaryllis, he has managed to pull himself aboard the Daphne, anchored in the bay of a beautiful island. The ship is fully provisioned, he discovers, but the crew is missing. As Roberto explores the different cabinets in the hold, he looks back on various episodes from his life: Ferrante, his imaginary evil brother; the siege of Casale, that meaningless chess move in the Thirty Years' War in which he lost his father and his illusions; and the lessons given him on Reasons of State, fencing, the writing of love letters, and blasphemy. In this “intellectually stimulating and dramatically intriguing” novel, Umberto Eco conjures a young dreamer searching for love and meaning; and an old Jesuit who, with his clocks and maps, has plumbed the secrets of longitudes, the four moons of Jupiter, and the Flood (Chicago Tribune).

*On the Shoulders of Giants* collects previously unpublished essays from the last fifteen years of Umberto Eco's life. With humor and erudition, one of the great contemporary thinkers takes on the roots of Western culture, the origin of language, the nature of beauty and ugliness, the imperfections of art, and the lure of mysteries.

In this exhilarating book, we accompany Umberto Eco as he explores the intricacies of fictional form and method. Using examples ranging from fairy tales and Flaubert, Poe and Mickey Spillane, Eco draws us in by means of a novelist's techniques, making us his collaborators in the creation of his text and in the investigation of some of fiction's most basic mechanisms.

“These Feathered Flames is a stunning debut as dark, lush, and captivating as the best fairy tales.”—Nina Varela, author of the Crier's War duology

When twin heirs are born in Tourin, their fates are decided at a young age. While Izaveta remained at court to learn the skills she'd need as the future queen, Asya was taken away to train with her aunt, the mysterious Firebird, who ensured magic remained balanced in the realm. But before Asya's training is completed, the ancient power blooms inside her, which can mean only one thing: the queen is dead, and a new ruler must be crowned. As the princesses come to understand everything their roles entail, they'll discover who they can trust, who they can love—and who killed their mother.

Only daughter of Ireland's ruling queen, Isolde has always known that she will take over the rule of the sacred Island of the West when her time comes. Until then she practises her skills as a healer and struggles to hold back her mother, a passionate, headstrong woman under the sway of her champion, Sir Marhaus, who is determined to make war. Attacking Cornwall, Sir Marhaus wounds the king's nephew, Sir Tristan of Lyonesse, so badly that he can only be saved by Isolde, the most noted healer of the isles. And when the King of Cornwall decides to marry Isolde, unaware of the young couple's growing love, the stage is set for the mythic tale of star-crossed lovers that the world knows so well. Like Arthur's queen Guenevere, her friend from their girlhood days on Avalon, Isolde is fated to a lifelong struggle between duty and desire before finding peace. Tristan too relies on his dearest friend at the Round

Table, Sir Lancelot of the Lake, as he strives to balance his loyalty to his king against the dictates of his heart. Set in Ireland, Cornwall and Camelot, ISOLDE offers a compelling new version of the familiar legend rich in Celtic magic and mythology, yet firmly grounded in the well-loved Arthurian world. Merlin, Arthur, Guenevere, and all their knights appear once again to delight those who enjoyed Rosalind Miles's previous forays into this enchanted terrain.

Reflections on how the idea of catalogs has changed over the centuries and how, from one period to another, it has expressed the spirit of the times. Companion to the author's History of beauty and On ugliness.
