Philosophy of Art: A Contemporary Introduction Routledge ...

The view that “art is imitation” is at least as old as the Greek philosopher Plato (c. 428-c. 347 bce), and, although not widely held today, its long and distinguished history is evidence of its continuing hold on human beings as an account of the distinctive function of art. A terminological point, however, is in order here: in the interests of clarity, artists should be spoken of as representing in their work the persons and things and scenes of the world but as imitating the work of ...
