The Psychology Of Dexter

The Psychology of Dexter is a series of essays written by mental health types who look at some of the mental health aspects of the show. I enjoyed several of them but lost interest in the book after about 75%-- it just seemed to get repetitive. I'll be doing a blog series on this book. I'll post the links here after they go live.

THE PSYCHOLOGY OF DEXTER: COMPLETELY UNAUTHORIZED By

...

Childhood Trauma and Post-Traumatic Stress Disorder (PTSD) I propose that the show's implication that Dexter is a psychopath is a misdiagnosis and that, in fact, Dexter is a victim of childhood post-traumatic stress. At the age of five, Dexter experienced the most horrendous type of trauma imaginable.

It analyzes not just the title character, but his family, coworkers, and even his viewers. What makes Dexter tick?

Dexter Morgan: Police forensic analyst. Family man. Serial killer. And the star of Showtime's most-watched

Read Free The Psychology Of Dexter

series, Dexter. Aimed at Dexter devotees and armchair psychologists, *The Psychology of Dexter* takes on the psychological complexities of the popular series with an eye towards insight and accessibility. It analyzes not just the title character, but his family, coworkers, and even his viewers. What makes Dexter tick? And what makes a show about a serial killer so appealing to those of us at home? From the implications of faking normalcy (could it be behind Dexter's still-in-progress emotional growth?) to where the show weighs in on the psychological debate between nature and nurture, *The Psychology of Dexter* gives fans a peek inside Dexter's—and Dexter's—psyche.

What explains the huge popular following for Dexter, currently the most-

Read Free The Psychology Of Dexter

watched show on cable, which sympathetically depicts a serial killer driven by a cruel compulsion to brutally slay one victim after another? Although Dexter Morgan kills only killers, he is not a vigilante animated by a sense of justice but a charming psychopath animated by a lust to kill, ritualistically and bloodily. However his gory appetite is controlled by “Harry’s Code,” which limits his victims to those who have gotten away with murder, and his job as a blood spatter expert for the Miami police department gives him the inside track on just who those legitimate targets may be. In *Dexter and Philosophy*, an elite team of philosophers don their rubber gloves and put Dexter’s deeds under the microscope. Since Dexter is driven to ritual murder by his “Dark Passenger,” can he be blamed for

Read Free The Psychology Of Dexter

killing, especially as he only murders other murderers? Does Dexter fit the profile of the familiar fictional type of the superhero? What part does luck play in making Dexter who he is? How and why are horror and disgust turned into aesthetic pleasure for the TV viewer? How essential is Dexter's emotional coldness to his lust for slicing people up? Are Dexter's lies and deceptions any worse than the lies and deceptions of the non-criminals around him? Why does Dexter long to be a normal human being and why can't he accomplish this apparently simple goal?

Forensic analyst and nighttime vigilante Dexter Morgan discovers that he is being followed by a killer who is

copying his methods, an adversary whom Dexter seeks to outmaneuver using his trademark knack for extricating himself from trouble.

‘This book is the one. Think Sapiens and triple it.’ – Julia Hobsbawm, author of Fully Connected We all have ten types of human in our head. They’re the people we become when we face life’s most difficult decisions. We want to believe there are things we would always do – or things we never would. But how can we be sure? What are our limits? Do we have limits? The Ten Types of Human is a pioneering examination of human nature. It looks at the best and worst that human beings are capable of, and asks why. It explores the frontiers of the human experience, uncovering the forces that shape our thoughts and actions in

extreme situations. From courtrooms to civil wars, from Columbus to child soldiers, Dexter Dias takes us on a globe-spanning journey in search of answers, touching on the lives of some truly exceptional people. Combining cutting-edge neuroscience, social psychology and human rights research, *The Ten Types of Human* is a provocative map to our hidden selves. It provides a new understanding of who we are – and who we can be. ‘I emerged from this book feeling better about almost everything... a mosaic of faces building into this extraordinary portrait of our species.’ – Guardian ‘*The Ten Types of Human* is a fantastic piece of non-fiction, mixing astonishing real-life cases with the latest scientific research to provide a guide to who we really are. It’s inspiring and essential.’

The Basis for a New Showtime® Original Series Starring Michael C. Hall Meet Dexter Morgan, a polite wolf in sheep's clothing. He's handsome and charming, but something in his past has made him abide by a different set of rules. He's a serial killer whose

Read Free The Psychology Of Dexter

one golden rule makes him immensely likeable: he only kills bad people. And his job as a blood splatter expert for the Miami police department puts him in the perfect position to identify his victims. But when a series of brutal murders bearing a striking similarity to his own style start turning up, Dexter is caught between being flattered and being frightened—of himself or some other fiend. This edition includes an excerpt from Jeff Lindsay's *Dexter's Final Cut*.

The “Dexter” series—bestselling books, acclaimed TV show, worldwide phenomenon—continues with *Dexter's* deadliest case yet. After his surprisingly glorious honeymoon in Paris, life is almost normal for Dexter Morgan. Married life seems to agree with him: he's devoted to his bride, his

Read Free The Psychology Of Dexter

stomach is full, and his homicidal hobbies are nicely under control. But old habits die hard—and Dexter's work as a blood spatter analyst never fails to offer new temptations that appeal to his offbeat sense of justice. Not to mention that his Dark Passenger still waits to hunt with him in the moonlight. The discovery of a corpse (artfully displayed as a sunbather relaxing on a Miami beach chair) naturally piques Dexter's curiosity and Miami's finest realize they've got a terrifying new serial killer on the loose. And Dexter, of course, is back in business. This edition includes an excerpt from Jeff Lindsay's *Dexter's Final Cut*.

Serial killer Dexter Morgan reevaluates his life views upon the birth of his daughter and investigates the disappearance of a teenage girl who

with examples and exercises, the book is aimed at professionals from a range of backgrounds, whether therapeutic, educational or business in orientation, who want to expand and transfer their skills to the coaching profession. It is essential reading on all coaching & mentoring courses.

"After seven national bestsellers and eight seasons as one of the most successful shows on television, New York Times bestselling author Jeff Lindsay bids a thrilling farewell to his uniquely twisted and beloved serial killer, Dexter Morgan. Dexter Is Dead is the definitive conclusion of the character who has become a global icon. Dexter Morgan has burned the candle at both ends for many years. Blood spatter analyst. husband. father. serial killer. And now, for the first time,

Read Free The Psychology Of Dexter

his world has truly collapsed. Dexter is arrested on charges of murder. He has lost everything--including his wife, his kids, and the loyalty of his sister. Now completely alone, Dexter faces a murder charge (for a crime. ironically. he did not actually commit). His only chance for freedom lies with his brother, Brian, who has a dark plan to prove Dexter's innocence. But the stakes are deadly, and the epic showdown that lies in Dexter's path may lead, once and for all, to his demise. Jeff Lindsay's trademark devilish wit and cutting satire have never been sharper. Dexter Is Dead marks the end of a beloved series, but is also Dexter's most satisfying and suspenseful outing yet"--
