Nothing experienced in human history, before or since, eclipses the terror, tragedy and scale of the Black Death, the disease which killed millions of people in Medieval Europe. The Scourging Angel tells the story of Britain immediately before, during and after this catastrophe. Against a backdrop of empty homes, half-built cathedrals and pestilence-saturated cities, we see communities gripped by unimaginable fear, shock and paranoia.

The Scourging Angel: The Black Death in the British Isles...

A truly inviting cover and title give way to a stolid press of academic history, and cannot disguise the splendid scholarship. Anyone hoping for a resonant Porteresque history of the Black Death is going to be surprised by the dead hand of taxes, property and politics. The Scourging Angel is published by Bodley Head.

The Scourging Angel: The Black Death in the British Isles...

The great death ("black death" is an over-excited term inserted into the historiography in the early 19th century, along with Rattus rattus and fleas the size of your fist) may have hurried things...

The Scourging Angel is an elegant and self-assured debut from such a young man, and Suffolk's gain would surely be history's loss. The Scourging Angel: the Black Death in the British Isles

The Scourging Angel by Benedict Gummer: review —Telegraph

The Circle of the Black Thorn was a secret society based in Los Angeles with ties to the law firm Wolfram & Hart. The Circle gathered some of the most powerful beings, economically, politically, and supernaturally. "To be a Black Thorn is to be the Senior Partners' instrument on Earth. It doesn't get bigger than that." Lindsey McDonald[src] The origins of the Circle of the Black Thorn ...
