Into the Wild is a 2007 American biographical adventure drama film written, co-produced, and directed by Sean Penn. It is an adaptation of the 1996 non-fiction book of the same name written by Jon Krakauer and tells the story of Christopher McCandless, a man who hiked across North America into the Alaskan wilderness in the early 1990s. The film stars Emile Hirsch as McCandless and Marcia Gay Harden and William Hurt as his parents; it also features Jena Malone, Catherine Keener, Brian Dierker, Vi

William Robinson FLS (5 July 1838 – 17 May 1935) was an Irish practical gardener and journalist whose ideas about wild gardening spurred the movement that led to the popularising of the English cottage garden, a parallel to the search for honest simplicity and vernacular style of the British Arts and Crafts movement. Robinson is credited as an early practitioner of the mixed herbaceous ...

An inspiring story about what happens when 3,500 acres of land, farmed for centuries, is left to return to the wild, and about the wilder, richer future a natural landscape can bring. For years Charlie Burrell and his wife, Isabella Tree, farmed Knepp Castle Estate and struggled to turn a profit. By 2000, with the farm facing bankruptcy, they decided to try something radical. They would restore Knepp's 3,500 acres to the wild. Using herds of free-roaming animals to mimic the actions of the megafauna of the past, they hoped to bring nature back to their depleted land. But what would the neighbors say, in the manicured countryside of modern England

where a blade of grass out of place is considered an affront? In the face of considerable opposition the couple persisted with their experiment and soon witnessed an extraordinary change. New life flooded into Knepp, now a breeding hotspot for rare and threatened species like turtle doves, peregrine falcons, and purple emperor butterflies. The fabled English nightingale sings again. At a time of looming environmental disaster, Wilding is an inspiring story of a farm, a couple, and a community transformed. Isabella Tree's wonderful book brings together science, natural history, a fair bit of drama, and ultimately hope.

Returning to Echo Canyon before it is turned into a golf resort, Justin Caves and his father Paul battle the demands of the terrain and the presence of bears along with each other, as Justin deals with his rocky relationship with his father.

EYES OF THE WOLF, EYES OF THE WOMAN On a moonlit night in Denver a young girl runs — half transformed, half starving, half innocent. Behind her stretches a legacy of strong women, each possessed by the girl and the terror of the changing. Save her, or consume her. Four sisters lived in four houses. Now their female descendants, steeped in blood and

sacrifice and rage, cling to their essence and their ancient rituals while Deborah, runaway, uninitiated, threatens their survival. The family of hunters hunts her down — racing on all fours through the streets of the city and the canyons, gripped by their own quarrels and regrets and their desperate, essential love for one another. They are driven by the need to run, to hunt, driven by the insistent itching of the hair that lies hidden between the flesh and the skin.

A novel of secrets and revenge within a 17th century English family. Longlisted for the Orange Prize 1992. A generation after the Civil War, Jonathan Dymond, a cider maker, has so far enjoyed a quiet life. But when he discovers a letter from his dying uncle, hinting an inheritance and revenge, he is determined to unravel the mystery in his family. Under the pretence

It's 1670. When Susannah and her brother are orphaned she is forced to live on the charity of distant relations in England while he seeks his fortune in America. But when news arrives that her brother is dangerously ill Susannah will stop at nothing to get the money she desperately needs to save his life...

The tribal Braxaná-created to become the ultimate warriors. The Azeans-raised to master the power of the mind. Two civilizations fighting an endless war over a long-forgotten cause. Now, after a century and a half, the legacy of their greatest military leaders threatens to tear apart both empires.

From the best-selling author and rewilding pioneer Isabella Tree, *When We Went Wild* is a heartwarming, sustainably printed picture book about the benefits of letting nature take the lead, inspired by real-life rewilding projects. Nancy and Jake are farmers. They raise their cows and pigs, and grow their crops. They use a lot of big machines to help them, and spray a lot of chemicals to get rid of the weeds and the pests. That's what all good farmers do, isn't it? And yet, there is no wildlife living on their farm. The animals look sad. Even the trees look sad! One day, Nancy has an idea... what if they stopped using all the machines, and all the chemicals, and instead they went wild? The author's own experience of rewilding her estate at Knepp in West Sussex, England, has influenced conservation techniques around the world that are

bringing nature back to the countryside and bringing threatened species back from the brink. Ivy Kids brings you beautiful, sustainably printed books to rewild your child. They are hopeful, joyful stories and nonfiction about nature and the environment that are charmingly illustrated and printed on 100% post-consumer recycled paper, locally in the US, and using renewable energy. Praise for Wilding, the author's best-selling memoir: "In a story that is part personal memoir, part work of conservation, Tree reveals the capacity of the wild to reclaim the land--as long as humans step out of the way." --Smithsonian, "The Ten Best Science Books of 2018" "Wilding is both a timely and important book." --Tim Flannery, The New York Review of Books

The American dream champions individualism. But at what price? In this [book, the author] chronicles the latest incidents of "wilding"--Extreme acts of self-interested violence and greed - that seem to signal an eroding of the moral landscape of American society. [The author] argues that ever-increasing individualism breeds an antisocial mentality with dangerous economic and social consequences - yet he offers a communitarian alternative that is as inspiring as it is instructive. Recent wilding events, such as the social aftermath of Hurricane Katrina, the war in Iraq, and recent government scandals, are highlighted in [this book].-Back cover.
