york The Queens Hotel is situated in the heart of the vibrant City of York, on the banks of the River Ouse. All of York's famous attractions such as York Minster, York ' s Chocolate Story, York Dungeon and Jorvik are within walking distance along with the many fabulous wine bars and restaurants York has to offer.

The rise and fall of the man who cracked Prohibition to become one of the world ' s richest criminal masterminds—and helped inspire The Great Gatsby. Love, murder, political intrigue, mountains of cash, and rivers of bourbon... The tale of George Remus is a grand spectacle and a lens into the dark heart of Prohibition. Yes, Congress gave teeth to Prohibition in October, 1919, but the law didn ' t stop George Remus from amassing a fortune that would be worth billions of dollars today. As one Jazz Age journalist put it, “ Remus was to bootlegging what Rockefeller was to oil. ” Author Bob Batchelor breathes life into the largest bootlegging operation in America—greater than that of Al Capone—and a man considered the best criminal defense lawyer of his era. Remus bought an empire of distilleries on Kentucky ' s “ Bourbon Trail ” and used his other profession, as a pharmacist, to profit off legal loopholes. He spent millions bribing officials in the Harding Administration, and he created a roaring lifestyle that epitomized the Jazz Age over which he ruled. That is, before he came crashing down in one of the most sensational murder cases in American history: a cheating wife, the G-man who seduced her and put Remus in jail, and the plunder of a Bourbon Empire. Remus murdered his wife in cold-blood and then shocked a nation winning his freedom based on a condition he invented—temporary

maniacal insanity. “ The fantastic story of George Remus makes the rest of the “ Roaring Twenties ” look like the “ Boring Twenties ” in comparison. ” David Pietrusza, author of 1920: The Year of the Six Presidents

On the 75th anniversary of the atomic bombings of Hiroshima and Nagasaki comes this heart-pounding account of the war-room drama inside the cabinets of the United States and Japan that led to Armageddon on August 6, 1945. Here are the secret strategy sessions, fierce debates, looming assassinations, and planned invasions that resulted in history ’ s first use of nuclear weapons in combat, and the ensuing chaotic days as the Japanese government struggled to respond to the reality of nuclear war. During the closing months of World War II, as America ’ s strategic bombing campaign incinerated Japan ’ s cities, two military giants locked in a death embrace of cultural differences and diplomatic intransigence. The leaders of the United States called for the “ unconditional surrender ” of the Japanese Empire while developing history ’ s deadliest weapon and weighing an invasion, Downfall, that would have dwarfed D-Day. Their enemy responded with a last-ditch plan termed Ketsu-Go, which called for the suicidal resistance of every able-bodied man and woman in “ The Decisive Battle ” for the homeland. But had Emperor Hirohito ’ s generals miscalculated how far the Americans had come in developing the atomic bomb? How close did President Harry Truman come to ordering the invasion of Japan? Within the Japanese Supreme Council at the Direction of War, a.k.a. “ The Big Six, ” Foreign Minister Shigenori Tōgō risked assassination in his crusade to convince his dysfunctional government, dominated by militarist fanatics, to save his country from annihilation. Despite Allied warnings of Japan ’ s “ prompt and utter destruction ” and that the Allies would “ brook no delay, ” the Big Six remained defiant. They refused to surrender even after the atomic bombings of Hiroshima and Nagasaki. How did Japanese leaders come to this impasse? The answers lie in this nearly day-by-day account of the struggle to end the most destructive conflict in history.

Mobiles magazine est depuis 1997 le magazine de référence en langue française sur les téléphones mobiles, avec plus de 15.000 pages publiées et 1.000 tests de produits depuis le n° 1.
