Will Africa Feed China? by Deborah Brautigam

Is China building a new
empire in rural Africa? Over
the past decade, China's
meteoric rise on the
continent has raised a
drumbeat of alarm. China has
9 percent of the world's
arable land, 6 percent of
its water, and over 20
percent of its people.

'Will Africa Feed China?',
by Deborah Brautigam ...

There is no doubt China seeks and needs food security, but Brautigam raises the distinct possibility that the Chinese model in Africa, thus far, may have the potential to feed both Africa and help feed China. As someone familiar with many African locations, and deeply knowledgeable about China, Brautigam's patient investigation re-establishes ...

Brandtigan work, shedding new light on China's evolving global quest for food security and Africa's possibilities for structural transformation.

Will Africa Feed China? (??)

The country, it is said, has visions of empire, seeking foreign outposts with the aim of supplying food and other raw materials to satisfy its own growing demand. Africa is one key area, it is claimed, and large chunks of the country have already been sold to Chinese companies.
