One of the briefest stories in Aimee Bender’s newest collection, Willful Creatures, “The Meeting” describes a nameless man who falls for a nameless woman, despite the fact that “she did not fit the shape in his brain of the woman he had planned so vigorously and extensively to meet.” A parable on the uncontrollable nature of attraction and intimacy, the story is also a metaphor for the reader’s experience of Bender’s stories: to truly appreciate and enjoy them, we must let go . . .

If that was true of Aimee Bender’s Willful Creatures, her second story collection, then Bender’s siblings are potatoes, she once bought a tiny man in a cage, and she knows a boy whose fingers are shaped like keys. These stories fall under the category of magical realism: from the opening words it is obvious we are not in the world as we know it.

**the short review: Willful Creatures by Aimee Bender**

Aimee Bender’s stories are the contemporary descendants of those of the Brothers Grimm, with their surrealism laid on top of human desire and need. In both her previous collection, The Girl in the Flammable Skirt , and this newest one, Willful Creatures , her fiction adopts the tone of fairytales through the straightforward storytelling of the bizarre.

A collection of all original stories presents tales of love, heartbreak, sex, adversity, and potato babies. --Publisher.

The wondrous Aimee Bender conjures the lush and moving story of a girl whose magical gift is really a devastating curse. On the eve of her ninth birthday, unassuming Rose Edelstein, a girl at the periphery of schoolyard games and her distracted parents’ attention, bites into her mother’s homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother’s emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother’s life outside the home, her father’s detachment, her brother’s clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her taste buds cannot discern. The Particular Sadness of Lemon Cake is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and confirms Aimee Bender’s place as “a writer who makes you grateful for the very existence of language” (San Francisco Chronicle). BONUS: This edition includes an excerpt from Aimee Bender’s The Color Master.

The bestselling author of The Particular Sadness of Lemon Cake returns with a wondrous collection of dreamy, strange, and magical stories. Truly beloved by readers and critics alike, Aimee Bender has become known as something of an enchantress whose lush prose is “moving, fanciful, and gorgeously strange” (People), “richly imagined and bittersweet” (Vanity Fair), and “full of provocative ideas” (The Boston Globe). In her deft hands, “relationships and mundane activities take on mythic qualities” (The Wall Street Journal). In this collection, Bender’s unique talents sparkle brilliantly in stories about people searching for connection through love, sex, and family—while navigating the often painful realities of their lives. A traumatic event unfolds when a girl with flowing hair of golden wheat appears in an apple orchard, where a group of people await her. A woman plays out a prostitution fantasy with her husband and finds she cannot go back to her old sex life. An ugly woman marries an ogre and struggles to decide if she should stay with him after he mistakenly eats their children. Two sisters travel deep into Malaysia, where one learns the art of mending tigers who have been ripped to shreds. In these deeply resonant stories—evocative, funny, beautiful, and sad—we see ourselves reflected as if in a funhouse mirror. Aimee Bender has once again proven herself to be among the most imaginative, exciting, and intelligent writers of our time.

"A collection of wistful, witty stories." --Esquire
"Hilarious, deep and a little bit dirty." --Harper's
Bazaar A grief-stricken librarian decides to have sex with every man who enters her library. A half-mad, unbearably beautiful heiress follows a strange man home, seeking total sexual abandon: He only wants to watch game shows. A woman falls in love with a hunchback; when his deformity turns out to be a prosthesis, she leaves him. A wife whose husband has just returned from the war struggles with the heartrending question: Can she still love a man who has no lips? Aimee Bender's stories portray a world twisted on its axis, a place of unconvention that resembles nothing so much as real life, in all its grotesque, beautiful glory. From the first line of each tale she lets us know she is telling a story, but the moral is never quite what we expect. Bender's prose is glorious: musical and colloquial, inimitable and heartrending. Here are stories of men and women whose lives are shaped--and sometimes twisted--by the power of extraordinary desires, erotic and otherwise. The Girl in the Flammable Skirt is the debut of a major American writer. A 1998 New York Times Notable Book of the Year. Selected by the Los Angeles Times as one of the best works of fiction of 1998.

"On the night her single mother is taken to a mental hospital after a psychotic episode, eight year-old Francie is staying with her babysitter, waiting to take the train to Los Angeles to go live with her aunt and uncle. There is a lovely lamp next to the couch on which she's sleeping, the shade adorned with butterflies. When she wakes, Francie spies a dead butterfly, exactly matching the ones on the lamp, floating in a glass of water. She drinks it before the babysitter can see. Twenty years later, Francie is compelled to make sense of that moment, and two other incidents - her discovery of a desiccated beetle from a school paper, and a bouquet of dried roses from some curtains. Her recall is exact - she is sure these things happened. But despite her certainty, she wrestles with the hold these memories maintain over her, and what they say about her own place in the world. As Francie conjures her past, and reduces her engagement with the world to a bare minimum, she begins to question her relationship to reality. The scenes set in Francie's past glow with the intensity of childhood perception, how physical objects can take on an otherworldly power. The question for Francie is, what do these events signify? And does this power survive childhood? Told in the lush, lilting prose that led The San Francisco Chronicle to say Aimee Bender is "a writer who makes you grateful for the very existence of language," THE BUTTERFLY LAMP SHADE is a heartfelt and heartbreaking examination of the sometimes overwhelming power of the material world, and a broken love between mother and child"--

Aimee Bender’s stunning debut collection, The Girl in the Flammable Skirt, proved her to be one of the freshest voices in American fiction. Now, in her first novel, she builds on that early promise. Mona Gray was ten when her father contracted a mysterious illness and she became a quitter, abandoning each of her talents just as pleasure became intense. The only thing she can’t stop doing is math: She knocks on wood, adds her steps, and multiplies people in the park against one another. When Mona begins teaching math to second-graders, she finds a ready audience. But the difficult and wonderful facts of life keep intruding. She finds herself drawn to the new science teacher, who has an unnerving way of seeing through her intricately built façade. Bender brilliantly directs her characters, giving them unexpected emotional depth and setting them in a calamitous world, both fancifully surreal and startlingly familiar. BONUS MATERIAL: This edition includes an excerpt from Aimee Bender’s The Color Master.

The List is an irrevrent, sophisticated take on the classic breakup story. In fierce and exquisite prose, Tara Ison has written an astonishing story of love and hate. Isabel is finishing medical school and destined to become a brilliant heart surgeon. Al is a video store clerk, a one-hit-wonder director whose first and only film became a cult classic. Their electric, passionate, and deeply maddening relationship can't possibly work. Tired of endlessly coming together and breaking up, they make a list of ten things to do before they finally say good-bye. But after a few perfect dates the list takes a dark turn, and their plan spirals out of control as they realize they would rather destroy each other than let go.

A dozen ways the American Dream can go awry in “an unrepeatable . . . tour de force” from the Pulitzer Prize–winning author (The Washington Post Book World). “[With] touches of Italo Calvino, Roald Dahl, and Gabriel García Márquez” the Pulitzer Prize and National Magazine Award–winning author dazzles with his mastery of the short story, his empathy for eccentrics, and his ability to find humor and humanity in the extremes of the American way (San Francisco Chronicle). Using bottom-rack tabloid headlines as inspiration—among them, “Boy Born with Tattoo of Elvis,” “Woman Struck by Car Turns into Nymphomaniac,” and “Titanic Victim Speaks Through Waterbed”—Butler moves from the fantastic to the realistic, from the lurid to the transcendent in exploring exile, loss, aspiration, and the search for self. Along the way, we meet a wife who uses her glass eye to spy on her cheating husband, a widow who sets herself on fire after losing a baking competition, a nine-year-old hit man, a woman who dates an extraterrestrial she met at Walmart, and a furtive and mournful JFK who survived the assassination. Weaving a seamless tapestry of high and low culture as well as the surreal, sordid, and humorously sad, “Butler peels back the sleazy veneer of the sensational to expose characters who long for love and the healing comfort of human compassion” (USA Today). “Read all about it: if you’re frustrated by the way nothing much seems to happen in modern short fiction, you’ll find Tabloid Dreams a whole different story.” —The New York Times Book Review “These stories are masterpieces . . . a magnificent work of imagination, entertainment and humanity.” —South Florida Sun-Sentinel “Tabloid Dreams is full-blown American magical realism.” —Boston Book Review
